

Roald Dahl's  
**Matilda**  
THE MUSICAL

Congratulations! We are so excited to get working on Matilda with all of you! First, we want to thank each and every person who interviewed. It was a joy getting to hear all of your ideas and experience your passion for the craft. We are thrilled to get started with the production and look forward to working with all of you. Please take the weekend to gather your thoughts and bring any questions you may have for the directors to the first meeting.
